

Fire & Emergency Services /SDRF, Darrang

- In case of flood emergency in any area the Sr. Station Officer/ Station Officer/ Squad Commander of nearest Fire & Emergency Services Station will mobilize the teams of F&ES and SDRF and boats available with them and coordinate with Local Police/ DDMA and other line department for response.
The Sr. Station Officer/ Station Officer/ Squad Commander present in the operation site will be the Operational Commander.
- If the situation is beyond control of the local Fire & Emergency Services Station then they will coordinate with the other Fire & Emergency Services Station of the same district and nearest district for assistance through the Fire & Emergency Services Control Room, H.Q. Guwahati.
- The Operational Commander of the operation will keep close liaison with the local and district administration for any kind of help and cooperation and will keep informing to the F&ES control room for further assistance and development of the incident.
- The operational commander will also keep on informing to the local and district administration about the rescued victims and the animals.
- In case of refusal by the affected people the operational team commander has to ask them again to come with them and to explain them about the probable risk of that area.
In case of further refusal, the Commander then has to inform District Administration and Police about the circumstances and to explain them about the situation in details.
- If any victim is found declared death after rescue operation then the dead body should be handed over to the police through proper way in presence of a magistrate in writing in proper format with district administration.
- In case of flash floods, SDRF personnel should take the initiative for easy flow or exit of water in the areas so that it does not get collected in a small area.
- Identify and prepare a list of Ex-servicemen, Swimmers, and divers in the local community to be engaged during such events.
- Conduct mock drills, and awareness campaigns among communities to prepare them for emergency situations.
